EMBARK ON YOUR
HKU JOURNEY

Join HKU, Join the World

Continuously ranked the 1st in the World’s Most International University Rankings by the Times Higher Education, HKU embraces cultural diversity and brings together bright minds from various perspectives. We are home to an incredibly diverse body of talented and inspiring students from all around the world.

Develop Yourself to Become a Pioneer

Unlock your potential and get prepared to become the leader of the future at HKU! Targeting to meet the latest global needs and trends, HKU offers programmes in areas such as big data, bioinformatics, and digital technologies to accommodate the rapidly changing market demands. You will be equipped with the necessary skills to excel in this dynamic and fast-pacing world.

World-Class Faculties and Research Facilities

HKU is ranked the 1st in Hong Kong and 21st in the World in the QS World University Rankings 2023. Our academic excellence and world-class reputation are derived from the exceptionally high standards of teaching and continuous breakthroughs in a number of research fields. At HKU, you will interact with and learn from students, professors, alumni, industry leaders, and more from many different corners of the globe.

Experience Life in the Greater Bay Area

Located at the heart of the city, HKU takes a prominent role in the sustainable development of the Greater Bay Area through advancing academic integration and fostering students with diversified learning and internship opportunities. Explore the incredibly diverse opportunities and resources this dynamic city has to offer.

</table>
| Peking University | Law 2 degrees, 5 years | Earn a Bachelor of Laws degree from two leading universities, and pave your way to become a legal practitioner with exposures in Hong Kong and the Mainland.  
Economics, Finance, Management 2 degrees, 4 years | Get an opportunity to earn two degrees from the highly acclaimed universities in Southeast Asia, while sharpening business skills and acquiring a global perspective. |
| University of Cambridge | Engineering, Computer Science 3 degrees, 5 years | Gain two bachelor’s degrees from the two universities and a Master of Engineering from the University of Cambridge in five years – equip yourself to be a professional engineering and computer science expert at the two top universities in the world.  
Economics, Finance, Management 2 degrees, 4 years | |
| University College London | Law 2 degrees, 4 years | Extend your networks through learning and working with legal professions in the UK and Hong Kong.  
Economics, Finance, Management 2 degrees, 4 years | |
| University of California, Berkeley | Arts, Social Sciences 2 degrees, 4 years | Explore arts and social sciences from two perspectives and gain a cross-cultural experience from renowned universities in the two Bay Areas.  
Sciences Po | Double Your Opportunities
Our dual degree and collaborative programmes partner with some of the world’s best universities to give students unique opportunities to gain exciting experiences and expand their networks upon graduation. Have the time of your life experiencing two different cultures while achieving two or more degrees from two top universities.
HKU’s innovative and data-oriented programmes are designed to keep up with global trends to nurture professionals and future leaders to excel in fields such as big data, digital technology, business, and engineering as well as to become future scientists.

**Bachelor of Science**

**Bioinformatics**

Statistical data analysis, key algorithms for biomedical informatics, as well as modern genomic and medical technologies have become necessary knowledge in today’s information-focused world. With the flexible design of the programme’s curriculum, you will be nurtured as a leader in bioinformatics with professional training in areas such as biomedical sciences, statistics, computer science, and biomedical engineering.

**Bachelor of Business Administration**

**Business Analytics**

Giving you the knowledge you need to meet the growing demand for talent in the business analytics field, the comprehensive curriculum covers technical and managerial skill sets and teaches a spectrum of courses in information technology, data science, business statistics and management.

**Bachelor of Science**

**Marketing Analytics and Technology**

Digitalisation and data are changing the world, and this programme will equip you with the skills in technology and marketing know-how to build a career in the digital economy and modern business. With a focus on data, you will gain a solid foundation in cutting-edge technology areas as well as business marketing expertise.

**Bachelor of Engineering**

**Data Science and Engineering**

Fast emerging data science and engineering technologies such as data analytics, artificial intelligence, and big data infrastructure boost the transformative impact of big data on businesses, industries and society. This programme covers areas in data science, computing, mathematics, statistics, and law, providing a solid foundation for students to pursue career and research in the data science and data engineering discipline.

**Bachelor of Arts**

**Humanities and Digital Technologies**

Offering both practical and theoretical training, this interdisciplinary programme develops students a unique skill set in humanities and digital technologies. You will be equipped with the skills to drive pioneering work in humanities area of specialisation, with the capacity to think in new ways about technological innovation, and with the ability to build a career in a wide array of fields.

**Science Master Class**

This highly flexible and comprehensive programme provides a fast track of study and introduces students to research at an early stage, allowing students to get an integrated and diverse research learning experience from elite researchers during their time at HKU. Students will complete two degrees, a Bachelor of Science and a Master of Research, at an accelerated pace.

**Global Engineering and Business Programme**

Draw on more than one expertise to answer the challenges of our time. Jointly offered by the Faculty of Engineering and the HKU Business School, this interdisciplinary double degree includes core business and engineering subjects, which will equip students with the skills and knowledge necessary to tackle practical challenges within a global context.
Admissions decisions to the University’s undergraduate degree programmes are made based on academic performance as well as other factors, including interview performance, personal statement, references, other documents submitted to the University, etc. Candidates should take note of the standards laid out below and any Programme Entrance Requirements on the admissions website for examination achievements in particular subjects that are required for consideration to specific programmes. Attaining academic achievements better than the expected lower boundary stated is not a guarantee for admission to the University.

**Admissions Standards**

* Information listed will be updated as necessary to reflect the competitive range for candidates undertaking the qualifications below. Please refer to the website (admissions.hku.hk) for the most up-to-date information.
